Out Area

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

1 A "-" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.

2 In 1990, the census of vessel population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps locating a census-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

1990 CENSUS TRACT/BNA OUTLINE MAP (RECREATED)

(90TRT) 19127145650100000000

All legal boundaries and names are as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement. Source: U.S. Census Bureau's TIGER database (Census 2000). Projection: State-based Albers Equal Area U.S. DEPARTMENT OF COMMERCE Economics and Statistics Administration U.S. Census Bureau

Railroad	<i>Intermittent Stream</i>
Pipe/Pneum Line	<i>River</i>
Physical Feature	<i>Lake</i>
Nominative Boundary	<i>Glacier</i>

Inset

Out Area

Where international, state, and county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A "—" following a place name indicates that the place is also a false MCD.

² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps locating a crew-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A "•" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.

² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 map, indicating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

The diagram illustrates the hierarchy of land use patterns from rural to urban. It is organized into two columns. The left column shows a vertical progression of patterns: 'All Roads' (a simple horizontal line), 'Railroad' (a line with cross-ticks), 'Fire/Power Line' (a line with small squares), 'Physical Feature' (a dashed line), and 'Nonvisible Boundary' (a dotted line). The right column shows corresponding landscape features: 'Stream/Shoreline' (a blue wavy line), 'Intermittent Stream' (a blue dashed line), 'River' (a blue line with small circles), 'Creek' (a blue line with small circles), and 'Ditch' (a blue line with small circles). At the bottom, three boxes represent different land use types: 'Rural' (a box with a dotted border), 'Inset' (a box with a dashed border), and 'Out Area' (a box with a solid border).

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A "•" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.

² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 map, indicating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

Figure 1 consists of two parts. On the left is a 3x3 grid of squares. The center square is white and labeled 'A01'. The other eight squares are gray. On the right is a map of the United States. A small square is located in the southeast corner of the map, representing the location of the entity within the country.
